Important Note - Before you buy!

- * Type 110 & 145 sauna's are available from stock and ready for immediate shipment direct to your door. In the event that stock is not available, please allow 3-4 week for delivery.
- * All other sauna's are manufactured to order in Austria. Therefore, please allow **3-4 weeks** for your sauna to be delivered. For custom made sauna's please allow 8-9 weeks.
- * All saunas are packed and crated in wood. Please make sure that you are available to unpack and move you sauna into a secure and dry environment.
- * All Infrared saunas need only a 13 amp plug socket connection. A plug will be supplied but not fitted.
- * All conventional sauna stoves, lights & infrared heating panels require hard wiring by a qualified electrician.
- * All LED display controls are in German. However, Temperature program is easy to understand. Colours are displayed in their native language. Translation is provided for all saunas.
- * In general, all saunas are very straight forward to install and do not require professional installation. However, like all DIY projects it may be advisable to seek general help from a tradesman if you are not confident in erecting your sauna proficiently.
- * All saunas are TVG safety & CE approved
- * Delivery prices are for UK mainland only.
- * All prices include VAT@17.5%
