Poolguard Quality Fencing System

This quality fencing system provides your pool area with the protection it deserves. It helps keep out leaves and loose debris and affords some added safety for your children and pets. The patented walk through self closing, self latching gate offers easy access but can also be locked if required.

Fits around any shape, does not obstruct your view and conforms to US ASTM safety standards.

5 YEAR warranty
 material and parts

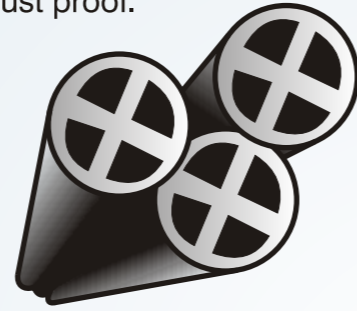

POOL SURROUND SYSTEM

Poolguard is a high quality fence surround system for a very reasonable price. The poles are non-corrosive and rust proof.

Easy to install, the system comes in black, with an extremely strong mildew proof mesh.

To see our installation guide go to www.paramountpools.co.uk

Magna Latch safety gate latches are a revolutionary breakthrough in latching security for gates around swimming pools, homes and other child safety areas (childcare centres).

Powered by the latest 'Permanent Magnets' (which never lose power) these quality latches incur no mechanical interference to closure and so offer unprecedented reliability, safety and child resistance.

The Top Pull model is key-lockable for added safety.

powder coated black aluminium poles

advanced technology rip proof mesh

premium ultra-transparent mesh

*fences supplied fully assembled

*gate requires assembly

*manufacturer reserves the right to change the available colour
