## JUSTSALT®

- Pool treatment by saltwater chlorination
- Simple & Effective
- A Bargain!!!

The natural care for clear water

# JUSTSALT®

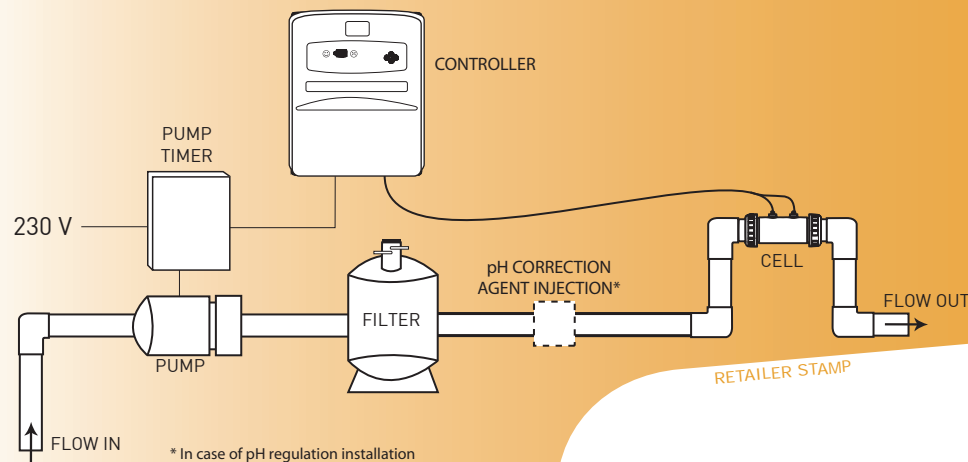

## Saltwater chlorination

Specially designed for pools up to 150 m<sup>3</sup>, **JUSTSALT®** produces a powerful & efficient disinfectant by saltwater chlorination. Your pool is free of chemical disinfectant all season long. With **JUSTSALT®**, keeping healthy water in your pool is no longer a chore.

From lightly salted water 5 kg/m<sup>3</sup> (1/7<sup>th</sup> as much as ocean water), **JUSTSALT®** manages on its own the disinfection of your swimming pool.

**JUSTSALT®** is easy to install and use: a single touch is needed to monitor the disinfectant production according to the volume and frequency of use of your swimming pool.

**JUSTSALT®** guarantees you an efficient disinfection and swimming comfort.

What about pH regulation?  
Your ideal complement,  
the **JUST PH® !!!**
